Asia fusion kitchen

Top Quality without cutting corners -

when it comes to dining, one should take the time to savor each and every bite – and the same applies to our preparation. Our chefs rely on fresh, natural ingredients to craft every dish with care.

A special highlight awaits you in our open kitchen, where you can watch live as sushi, the heart of Japanese cuisine, is made.

Since we place great value on quality and taste, remember that preparation takes a bit longer than ordinary fast food!

We thank you for your understanding and patience.

Enjoy your stay at WakuWaku Asia Fusion Restaurant!
